Dear Mr. Johnson:-

The attached song "Land of Glad To-Morrows" is just off the press. Would you, as a Canadian consider singing it at your Toronto concert?

This is the Diamond Jubilee of Confederation and "Land of Glad To-Morrows" would certainly make a big impression if sung by you in Canada the first time it is rendered.

Unfortunately the high key is not printed yett, but will be ready shortly. If the song appeals to you I could easily prepare an American version.

Yours sincerely, Gordon V. Thompson
